Superstars! Girls Inc. of North San Diego County

Girls Inc. inspires all girls to be strong, smart, and bold by teaching them the life skills they need to be successful in today's society. Of course, that includes being safe in Cyberspace! Girls in the Girls Inc. North San Diego County summer program spent 4 weeks learning about Internet safety and creating games and posters to help others learn about it too. We are featuring some of their good work in this issue. Get inspired—We're waiting to hear from you!

I Buddy

There can be harmful programs hidden in emails. A person writing harmful programs, a 'hacker', wants to mess up your computer—it is not an accident! When a 'hacker' writes a virus program it is called 'malicious code'!

Say:
'MA-LISH-US'

Find every triangle—3 sides ONLY! Color every triangle the same color to make words show up. Color all OTHER shapes a darker color.

i-SAFE America

Sing Along to the Net Safety Song

The Net Safety song is found on the i-SAFE Grades K-5 Curriculum CD

You can have lots of fun on the Internet
So don't go places you might regret.
i-SAFE and McGruff have safety tips for you
For surfin' the net, and stayin' cool.
Listen close and you will agree,
McGruff and i-SAFE know their net safety!

Don't give out personal information
Like your name, phone number, or home location.
Don't talk to strangers - you already know that!
Ask your parents' permission for you to chat.
Don't agree to meet anyone you met online.
Browser and i-Buddy think that's a danger sign.

Chorus:

Remember net safety and you can have fun;
Learn about anything under the sun.
Ask your parents for their advice,
And tell them if someone isn't acting nice!
Net safety - is your safety net.

Here's some more tips that will come in handy...
Don't buy anything online, not even candy!
Without your parents saying it's ok,
Don't give a credit card...Oh, by the way,
Don't send a picture over the Internet.
That's one of those things you might regret.

(Chorus—repeat twice)
